

Accelerate your journey to Mac with DXC

Provide a more personalized and modern workplace experience by offering choice to employees.

DXC and Apple at a glance

- Deployment readiness and service delivery excellence ensured with DXC and Apple® best practices and Apple Professional Services
- Zero-touch deployment, security and compliance, and automated device management enabled by Apple Business Manager
- DXC's service desk and site support covers all your IT support needs for your Mac environment, with integrated OS support and AppleCare® for Enterprise
- Device as a service reduces total cost of ownership, provides flexible pricing to control cost, and leverages Apple's financial services and industry-leading residual values

More choice, better experience

DXC gives employees greater choice to select the Apple® devices that suit their needs.

Our Modern Workplace services put the employee experience first, increasing productivity, engagement and collaboration.

Leveraging DXC Modern Device Management, we help customers manage, secure and deliver a seamless experience using best practices, knowledge and engineering expertise.

Expanding choice to include Apple devices benefits the company and their employees by providing:

- Single solution to manage all devices
- Consistent configuration, embedded security and compliance
- Comprehensive support services with AppleCare®
- Flexible pricing models to control costs
- Visibility across all devices
- Increased employee productivity, engagement and collaboration

DXC Modern Workplace offerings

DXC Modern Device Management

DXC, an Apple Managed Service Provider, helps businesses offer Mac® devices without compromising on support, security or cost, and empowers employees with choice.

Workplace Asset Management

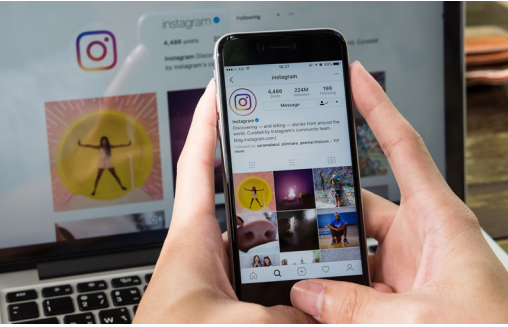

DXC can manage your existing and future Apple assets throughout the entire device life cycle by tracking, managing and maintaining them within a single technology inventory.

Digital Support Services

When employees need help, DXC's support services with AppleCare provides a number of support options so employees can become more productive with the devices they choose.

Apple Services Authorizations

DXC is authorized to offer Apple Professional Services, AppleCare for Enterprise, Apple Financial Services and genuine Apple repairs as an Apple Authorized Service Provider in the U.S.

About DXC Partner Ecosystem

The DXC Partner Ecosystem is a curated ecosystem of partner relationships built on a foundation of collaboration, differentiation and innovation. Together, we work to deliver the right solution and the right team to address complex, critical customer business challenges. Learn more at dxc.com/partnerecosystem.

Apple®, the Apple logo, AppleCare, iPad®, iPhone® and Mac® are trademarks of Apple registered in the U.S. and other countries.

Simplify your journey to Mac and a better employee experience

When you empower employees to work the way they want with the devices they love, your employees are empowered to work more efficiently and collaborate more effectively.

Apple devices are simple and intuitive yet powerful, secure and easy to deploy.

Whether it's Mac, iPad® or iPhone®, all Apple products enable creative problem-solving and provide frictionless workplace experiences.

DXC Modern Workplace makes it easier for enterprises to manage and support all the devices their employees use, including Apple devices.

DXC adds value and eliminates barriers to offering and supporting Mac devices with services that align with your business needs:

- Parity across all devices
 - Consistent experience of M365
 - Service desk delivery
 - Application visibility
 - Simple pricing and savings
 - Native-first approach to security and compliance
- Automation and employee experience awareness
 - DXC Uptime
 - Jamf
 - ServiceNow and other integrations
- Combined Apple and DXC best practices
